

**Custom Songs**

Specially made custom songs designed in terms of your musical taste with meaningful lyrics relevant to your purpose and life.

*These are also available exclusively for sole use of the client (excluding Dragonfly promotional/publishing purposes) at a cost.*

There are 2 pricing structures Premium from \$2000+ and Budget from \$1200 – 2000 per song. The main difference is the amount of time perfecting the song, additional live instruments, more vocals and backing vocals, the mix and mastering of the song. All songs are of a quality standard that will add that unique touch to your special occasion.

To make your song we provide:

***Lyric development***

- work with you to capture words, phrases which are meaningful to you...

***Melody development, Backing development and recording***

- understand the style and feel you are wishing to create and work with a producer that specialises in that style whether you like classic pop ballads, country, R&B, rock, jazz, or anything else we will target the right sound for you.

***Lead Vocal and backing vocal recording***

- choose and work with trained professionals that deliver the sound best suited for your style

***Mixing and Mastering***

This is standard for Premium song development. Mastering is optional for Budget song development post mix.
